Our Company

A WORLD FULL OF OPPORTUNITIES

With a clear international focus, we belong to an associations of professional offices located in the most important jurisdictions of Europe, Asia, America and Oceania.

We have a strong and solid international support network to ensure that our clients benefit directly from multidisciplinary services with global coverage.

As lawyers, prosecutors and economists, at Torras & Asociados we offer our clients professional services and comprehensive attention, adapting to their needs at all times.

Thanks to the experience acquired in our profession and our extensive knowledge of all business sectors, we can provide alternatives and solutions to highly complex problems.

At Torras & Asociados we are aware of the different needs of modern businesses, and we try to address them with our broad team of experts and associates.

Why confide in Torras & Asociados?

INTERNATIONAL FIRM

We have a strong and solid international support network to ensure that our clients benefit directly from multidisciplinary services with **global coverage**.

We belong to an associations of professional offices located in the most important jurisdictions of **Europe, Asia, America and Oceania**.

COMPREHENSIVE SERVICES

We offer our clients professional services and comprehensive attention, adapting to their needs at all times.

We advise our clients on how to carry out responsible and **profitable business practices while maintaining a social, environmental and financial equilibrium**.

BUSINESS EXCELLENCE

We pursue business excellence, which is why training, promotion and the enhancing of our human capital are the keys to maintaining our firm's quality.

These qualities allow our professionals to **take on responsibilities with sound judgement and determination**, as well as to **foresee future changes**.

PROFESSIONAL ETHICS

We abide by the Ethical Principles of honesty, integrity, objectivity, confidentiality and decency which guide our activity, **satisfying the needs of our clients and offering them the most advantageous conditions**.

Our hallmarks have always been our closeness to our customers and a constant desire to understand their needs and create value for them by offering a service of the highest quality in terms of both technical advice and the need to act and behave in an upright manner, respecting the ethical principles and values of our profession.
